Dear Sir:

The Eurasian Transition Group, e.V.  
Michael Laubsch, Executive Director  
Röttgener Str. 90  
53127 Bonn  
Germany

With immense surprise, I became aware of an article on your web presence geokz.tv, that is related to my person (link: <http://www.geokz.tv/article.php?aid=10873>)

With this letter, I would like to make the following statement.

1. The copy of the letter is a forgery: I never sent a letter to your publishing house, neither on the date mentioned, neither before that date.
2. The email address your web presence is citing and from which the letter was sent, is not my mail address. As you can see, even my surname is misspelled.
3. It is wrong that I am not allowed to enter the Republic of Kazakhstan and visa permission are denied: In fact, I visited Kazakhstan several times since 2006.

For me, it is more than obvious that someone would like to discredit my name and the name of Yerzhan Babakumarov.

Therefore, I am demanding the cancellation of the article at geokz.tv and a correction on your Internet presence within the next hours. Otherwise, I will be forced to conduct further steps.

Sincerely

A handwritten signature in black ink, appearing to read "M. Laubsch", is placed below the text "Sincerely". The signature is fluid and cursive.
